(including nursery school), the threshold is increased to € 22,000.00.*

**RATE REDUCTIONS** - Please note that any rate reductions for previous services can be requested according to the procedures established in the Municipal Regulations for Access to Benefits for Personal Services and in accordance with the current legislation on the ISEE (Equivalent Economic Situation Indicator). The Single Substitute Declaration (DSU) required to obtain the 2026 ISEE certification can be submitted at CAF (Tax Assistance Centers) or online by registering on the INPS website.

The new ISEE presents complex aspects that require cross-checking for the issuance of the final certificate, which requires approximately 15 days for the CAF and INPS. Interested parties should therefore apply for the **NEW ISEE** as soon as possible.

Please note that if, for any reason, the first ISEE 2026 certificate is submitted after the service has already started, the benefit will be effective from the time of its submission.

It is also noted that pursuant to Article 27, paragraph 4, of the *"ISEE Regulation: discipline and methods of interventions and performance of social and socio-educational services of the Municipalities of the territorial area and of the So.Le. Company"* (*"Regolamento ISEE: Disciplina e modalità degli interventi e delle prestazioni dei servizi sociali e socio educative dei comuni dell'ambito territoriale e dell'Azienda So.Le"*), the single self-certifications relating to educational and school services, for the purposes of maintaining the granted benefits, will be valid for the entire school year, pursuant to Regional Government Decision 3230/2015 of the Lombardy Region.
